008-01271-00		USB 2.0 Type A to Mini-B Cable
363-00041-00		8GB microSD High Capacity Card

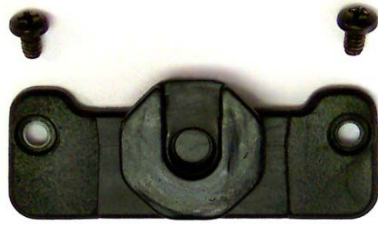

## Klick Fast Mounts

Klick Fast locking mounts offer a secure method of mounting the FirstVu™. When “mated” the Klick Fast stud locks into place and cannot be easily removed. Its swivel design allows it to be turned or mounted in a variety of positions for proper aiming of the FirstVu.

There are two possible Klick Fast studs (pictured above and below). Attach the Klick Fast stud to your FirstVu then use with any of the wearable receptacle mounts on the following page.

Slide the FirstVu into whichever mount you prefer and rotate as needed or to remove.

## Mount Options

### Shirt Pocket Insert Dock

Motion-canceling insert fits standard uniform pockets.

### Belt Dock

Available in 1.25, 1.5, 2 or 2.4-inch sizes.  
Fits leather and nylon belts.

### Leather Belt Loop Dock

Points the FirstVu upward to capture even more vertical range.

### Screw On Dock

Can be screwed on a uniform shirt, jacket, vest, etc. Allows for a secure mount that cannot be easily removed.

## Screw On Dock

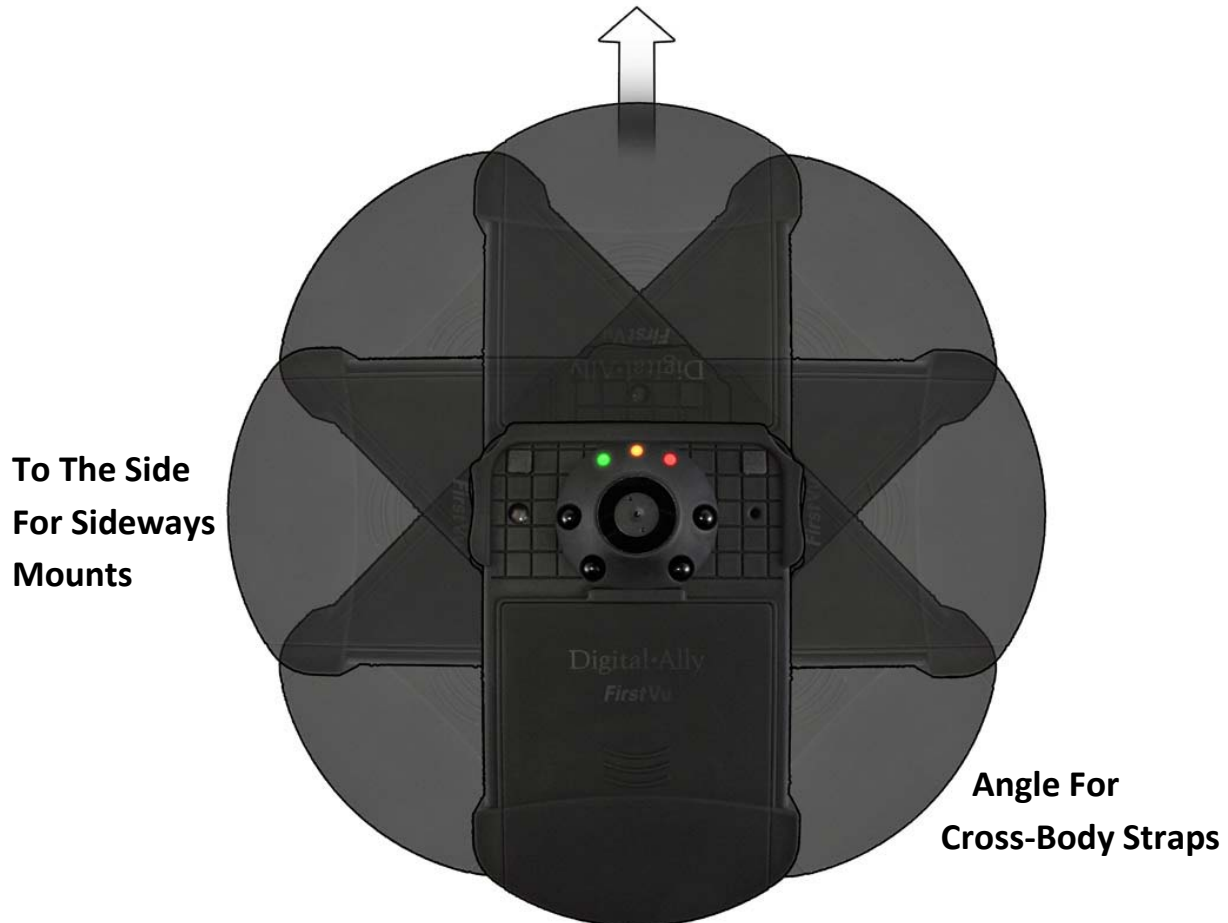

Can be screwed on other attachments to allow for various mounting options.

## Sew On Dock

This mount can be sewn onto a shirt, jacket, vest, etc. for permanent mounting.

**Rotate Upside Down To Remove Stud From Mount**

**To The Side  
For Sideways  
Mounts**

**Angle For  
Cross-Body Straps**
