

FOR IMMEDIATE RELEASE

Digital Ally Joins Amazon Web Services Partner Network

Lenexa, KS | October 9, 2018 Digital Ally, Inc. (NASDAQ: DGLY) Digital Ally® Inc., a company with the mission to provide law enforcement agencies, emergency management, and commercial companies with the highest quality video solutions and software management, is pleased to announce that it is now a member of the Amazon Web Services (AWS) Partner Network (APN).

“After years of using AWS, Digital Ally is excited to advance its relationship with AWS and join the APN,” said Stan Ross, Chief Executive Officer of Digital Ally Inc. “AWS is one of the most respected cloud service providers in the world. By furthering our collaboration, Digital Ally will have access to tools and support that will not only benefit our current customers but future customers as well.”

Through this collaboration, Digital Ally will work hand in hand with AWS, receiving business, technical, marketing, and go-to-market support from AWS that will benefit Digital Ally’s customers and help them take full advantage of the benefits of the AWS Cloud. Digital Ally will continue to rapidly grow its law enforcement and commercial customer base. Other key features provided by AWS APN that Digital Ally will leverage are:

- New product promotion
- Improved back office and technical solutions
- Constant secure cloud environment

“We are excited to welcome Digital Ally into the APN, and to help their customers take advantage of cloud at any stage of their journey,” said Kim Majerus, Head of U.S. State and Local Government at AWS. “Partners like Digital Ally offer valuable solutions to our justice and public safety customers, and we’re thrilled to offer these customers greater choice when it comes to solutions that are vital to their missions.”

About Digital Ally

[Digital Ally](#)®, headquartered in Lenexa, KS, specializes in the design and manufacturing of the highest quality video recording equipment and video analytic software. Digital Ally pushes the boundaries of technology in industries such as law enforcement, emergency management, commercial fleets, and consumer use. Digital Ally’s complete product solutions include in-car and body cameras, cloud and local management software, and automatic recording technology. These products work seamlessly together and are simple to install and operate. Digital Ally products are sold by domestic direct sales representatives and international distributors worldwide.

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Act of 1934. These forward-looking statements are based largely on the expectations or forecasts of future events, can be affected by inaccurate assumptions, and are subject to various business risks and known and unknown uncertainties, a number of which are beyond the control of management. Therefore, actual results could differ materially from the forward-looking statements contained in this press release. A wide variety of factors that may cause actual results to differ from the forward-looking statements include, but are not limited to, the following: whether the Company will be able to adapt its technology to new and different uses, including being able to introduce new products; competition from larger, more established companies with far greater economic and human resources; its ability to attract and retain customers and quality employees; the effect of changing economic conditions; and changes in government regulations, tax rates and similar matters. These cautionary statements should not be construed as exhaustive or as any admission as to the adequacy of the Company's disclosures. The Company cannot predict or determine after the fact what factors would cause actual results to differ materially from those indicated by the forward-looking statements or other statements. The reader should consider statements that include the words "believes", "expects", "anticipates", "intends", "estimates", "plans", "projects", "should", or other expressions that are predictions of or indicate future events or trends, to be uncertain and forward-looking. The Company does not undertake to publicly update or revise forward-looking statements, whether as a result of new information, future events or otherwise. Additional information respecting factors that could materially affect the Company and its operations are contained in its annual report on Form 10-K for the year ended December 31, 2017 and quarterly report on Form 10-Q for the three and six months ended June 30, 2018, as filed with the Securities and Exchange Commission.
